

Public Information Session

Date: Wednesday, March 25, 2020

Time: 7:00 p.m. to 9:00 p.m.

Location: Alton Legion Hall, Branch 449
1267 Queen Street West, Alton, ON

CBM's Proposed Caledon Quarry Introductory Meeting

Background

CBM Aggregates (CBM) is exploring the feasibility of developing a quarry in the vicinity of Charleston Sideroad and Main Street/Regional Road 136 in the Town of Caledon.

The lands in this area are identified as High Priority Aggregate Resource (Bedrock) Lands on the CHPMARA (Caledon High Priority Mineral Aggregate Resource Area) Prioritization Plan (Schedule L in the Town of Caledon's Official Plan). This reflects the fact that the bedrock in this area is considered a significant, high-quality resource in the province.

CBM initiated technical studies in February 2020 as part of the information gathering that we will be completing over the next two years to assist in determining the feasibility of future extraction, and to support the required applications that may be filed for municipal and provincial approvals under the *Planning Act* and the *Aggregate Resources Act*.

Meet Our Staff and Consulting Team

Event Information

CBM is hosting a public information session to provide an opportunity for the public to meet our staff and consulting team, who will be available to answer your questions.

The public information session will have a drop-in format, where you will be welcome to attend any time between 7 p.m. and 9 p.m.

If you are not able to attend, information presented at the event will be available at www.CBMCaledonQuarry.ca or we can provide you with email updates if this would be more convenient.

For more information about the proposal or this information session, please feel free to contact:
